

TRIO Programs:
Serving Students Since 1965

Our nation has asserted a commitment to providing educational opportunity for all Americans regardless of race, ethnic background or economic circumstance.

In support of this commitment, Congress established a series of programs to help low income Americans enter college, graduate and move on to participate more fully in America's economic and social life.

These programs are funded under title IV of the Higher Education Act of 1965 and are referred as TRIO Programs (initially just three programs). While student financial aid programs help students overcome financial barriers to higher education, TRIO Programs help students overcome class, social and cultural barriers.

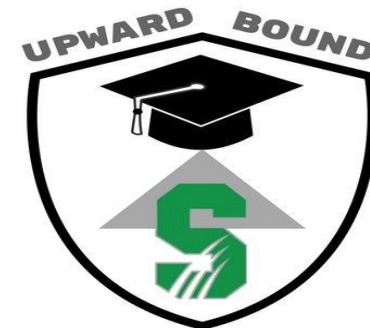

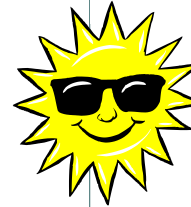

*The Upward Bound program at Salem University is funded by the US
Department of Education at \$480,850 per year.*

Additionally, this insurance does not cover pre-existing and some other conditions. Upward Bound helps the students receive the health attention needed, and parents may be responsible for non-qualifying charges. Every effort will be made to contact parents as soon as possible in case of illness or emergency. Please notify us of any changes in address, phone number or contact information.

ATTENDANCE

A. Illness

The following procedures will apply in case of illness:

1. Daily attendance reports will be given to the curriculum coordinator.
2. Students who feel they are unable to attend class due to illness must report to a summer assistant or to the summer counselor before 7:45 AM or before the class they are going to miss.
3. A summer assistant or the summer counselor will escort students to seek medical services and also contact the office with information on any excused absences.

4. When a student is excused from class due to illness, the student is expected to return to the residence hall with an Upward Bound staff member and remain in his/her room until they feel they can return to class.
5. Students excused from classes are expected to report to lunch/dinner in the dining hall, if possible.
6. Students absent from morning classes will not be allowed to report to their scheduled classes or work positions for the afternoon . Parents may be contacted to pick the student up and return home until illness has improved enough to return.
7. If a student is absent from a class and has not made arrangements to be excused, a conference with the Upward Bound staff will be arranged.

B. Absenteeism

Students performing below minimum standards set by faculty will fail to earn points toward the group of the week. A pattern of low performance will lead the student to meet with the curriculum coordinator, the director, and faculty to discuss any problems or barriers to success and a plan of correction. Students accumulating unexcused absences, tardiness or failing to meet standards will also be required to meet with the staff to review their problems, seek solutions, and define consequences. We believe maximum attendance during the summer program is important because of the full range of services available to the students. Since we recognize that people have other commitments or obligations, students are allowed to miss up to 5 days of the summer session. Circumstances requiring more than 5 days should be brought to the attention of the program director in advance. Missing more than 5 days will result in loss of \$5.00 per day beyond the allowable 5 days and may result in additional financial consequences, such as reimbursing the program for costs.

REGULATIONS

To provide a setting conducive to enjoyable living and educational achievement, the following regulations are enforced on the campus and in the residence hall.

A. **STUDENT HOUSING** - Upward Bound students will live in assigned university housing during the summer program. Upward Bound female students and male students are assigned separate floors and visitation between the two is not allowed. A centrally located lounge is made available at assigned times for supervised meeting places. All other student housing on campus is off-limits. No room changes or roommates can be made without the approval of the Upward Bound office.

1. **Care of Rooms** - Students are responsible for the care of their assigned room. It is expected that rooms will be kept reasonably clean and neat. Although students are encouraged to decorate their rooms, no permanent changes (painting, nails, etc.) can be made. Each room will be inspected for damages by a member of the Upward Bound staff and the student at check-in and checkout times. All room damages that are not the result of ordinary wear will be repaired at the student's expense. When leaving the rooms, the students are required to close all windows and lock all doors.

Upward Bound is not responsible for damage to or theft of a student's personal belongings.

HANDLING OF INCIDENTS

2. Quiet Hours - It is expected that students will respect their fellow students. Quiet hours will exist in the residence hall between 11:00 PM and 6:30 AM. Students are to remain in their assigned room from 11:00 PM to 6:30 AM. Lights must be out at 11:30 PM (See Violations/Consequences on page 18).

3. Residence Hall "Room Check" - Evening "room check" by summer assistants is fifteen (15) minutes after in-room time begins, unless otherwise stated. Everyone is required to sleep in his or her own room. Any exception to this rule must be approved by the summer assistants involved and the summer counselor. Morning classes require alert and wide-awake students! Therefore, students who are disruptive after "lights out" or are out of the residence hall after hours will be subject to disciplinary actions as appropriate. (See Violations/Consequences on page 18).

4. Pets - Pets are prohibited in the residence halls.

5. Trash - Students are responsible for disposing of room trash in the appropriate trash storage area.

6. Appliances - In general, large appliances and too many appliances are discouraged. "Hotplates" or other appliances with exposed heating elements are not permitted. Cooking in the rooms is not permitted. Extension cords or multiple outlets must be approved by the Salem University physical plant staff.

7. Authorized Room Entry - The Upward Bound Program and the University reserve the right for authorized personnel to enter students' rooms when circumstances indicate that emergency conditions exist.

8. Keys - Each student will receive a key to his/her room. There will be a \$50.00 charge to the student for each key lost or not returned.

Violations of the social contract will be enforced and recorded by the summer assistants, summer counselor and any faculty/staff. A minor incident report (MIR) will be completed for each minor violation. Any Upward Bound staff member can issue a MIR. If a student accumulates three (3) MIR's, a conference will be held with their SA, the summer counselor and the program counselor to discuss the consequences.

Additional incidents will be reason for another conference with their SA and the Upward Bound staff. At this conference, the director will be included and will act as the final arbiter. (See pages 18-23)

Incident reports for major violations of the social contract will be completed by the summer assistant and given to the summer counselor. Immediate action will be taken. Major violations are discussed in the Student Handbook under E, 1-12, Safety and Social Concerns, and on page 22, level 3 violations. These rules and regulations are designed to ensure a harmonious group living environment. Voluntary compliance by all Upward Bound participants will result in a happy and productive summer experience for all. Some incidents may be referred to the Judicial Board made up of student peers. The student's parents will be notified of any major violations and in cases of repeated minor violations.

DUE PROCESS

Anyone accused of a violation will have the opportunity to appeal any accusations or consequences. All judicial procedures and appeals will be handled in a timely manner.

9. Theft— Other people's property are to be respected at all times. Students involved in attempted or actual theft of property while participating in Upward Bound will be subject to immediate suspension or expulsion.

10. Alcohol – NO Alcoholic beverages are to be used by Upward Bound students. Use and/or misconduct resulting from use of alcohol will constitute reason for disciplinary action by Upward Bound. Students involved in the use or possession of alcoholic beverages will be subject to immediate suspension or expulsion.

11. Drugs – Prescription and over-the-counter medications will be collected and managed by the summer counselor. Use of controlled substances without medical prescription and without physician's supervision is prohibited. 12. Sex - All sexual activity is prohibited while participating in Upward Bound activities and is a direct violation of the purpose and goals of Upward Bound and of the social contract between students and the Upward Bound Program. Public display of affection is inappropriate with our mission and will be grounds for disciplinary action. Romantic relationships between Upward Bound students and Salem University students or summer assistants are strictly forbidden. Violations of this category are subject to immediate suspension or expulsion.

All violations that may result in suspension will be followed up by negotiations and counseling for re-admission.

B. DRESS CODE – Students are expected to conform to standards of dress consistent with high school dress codes. Upward Bound staff discretion will be the determining factor when differences of opinion occur.

C. VISITATION POLICY - Parents and immediate family members are permitted to visit at the residence hall. Visits should occur during students' free time and be arranged previously with Upward Bound staff whenever possible. University policy does not allow visitors to stay overnight in the residence hall. Parents should notify the office or residence staff when on campus. Parents must also inform staff when taking their student off-campus: between 8:00 AM and 5:00 PM; students must be picked up and dropped off at the Upward Bound office. After 5:00 PM, students must be picked up or dropped off according to staff instructions. Please call ahead of time for instructions on picking up or dropping off your student.

D. LEAVING CAMPUS

1. Campus Limits - During free time at 6:45 PM–7:45 PM, students can leave campus limits; all students must sign out with the staff on duty. The campus boundaries extend from the Administration Building at the foot of University Drive to Carlson Hall at the top of the Valley of Learning (see map on page 26). This is the only time students can leave campus. Students may visit established businesses in downtown Salem during approved free times. Students are not to go home or get into anyone's vehicle without prior approval of Upward Bound staff. All student housing other than the assigned for Upward Bound are off limits.

2. Off-Campus Absence - A student must seek approval from the Upward Bound office any time he/she wishes to leave campus. If

transportation is to be provided by someone other than their parent or guardian, written permission from that parent or guardian must be on file in the Upward Bound office before the student may leave campus. Prior approval must be given for a student planning to be off-campus for an extended period.

3. Motor Vehicles - Students are not permitted to ride in any motor vehicle other than with a staff member. If a student must bring his/her own car to campus, it should be used only for transporting that student home on weekends or for employment. Special exceptions must be authorized by parents and Upward Bound staff must be notified in advance. The vehicle keys are to be turned in to the Upward Bound office or given to the Summer Counselor and will be returned only when authorized for use by a parent's written permission. Staff may also verify permission by telephoning parents.

4. Weekend Status - Students must sign out with a staff member before leaving for the weekend. Students are not to return to the residence hall before Sunday night check-in, 8:00 PM, because Upward Bound staff are not on-duty during weekends. Visiting the Upward Bound housing on weekends is considered trespassing. A student returning to any area of campus after check out Friday will be subject to university policy regarding the general community's use of facilities. Students must sign in when returning Sunday night.

E. SAFETY AND SOCIAL CONCERNS

1. Smoking/Tobacco— Salem University attempts to maintain a "smoke-free campus." Smoking/chewing is prohibited in ALL buildings, property and University vehicles. This includes electronic/vapor smoking devices.

2. Fire Equipment - Tampering with the fire equipment and the sounding of false alarms are prohibited by state law and by the University. Disciplinary action will be taken by the appropriate agency.

3. Vandalism - Damage to or destruction of property is wasteful and disrespectful. Students will be held financially liable for any damage for which they are responsible. Students and their peers may be assessed for damages when no one is identified as responsible for damages in a community area. Additional consequences may be imposed.

7. Personal Threats/Assaults - It is expected that any personal differences will be handled in a mature fashion. The staff are available to mediate any disputes. Any student involved in any form of violence or threatened violence against a student or staff member will be subject to immediate suspension or expulsion.

8. Throwing Objects from Windows - Throwing objects out of windows is physically dangerous to individuals and their property and is damaging to the environment. Throwing anything out of room windows is therefore prohibited. There will also be a fine for damaged screens.
